

# Manual type CUTTING & SCRIBING Machine for Green Sheets

(Model : SCT-10B)

開發                      MANUAL CUTTING / SCRIBING MACHINE      Model SCT-10A  
SAMPLE                      製作                      , 高價      大量生産                      差別化                      研究, 學術,

Applications :      Multi-layer Ceramics Package., MLCC, Chip Inductor,  
LTCC, Multi-layered RF module. Multi-layered thick film sensor,

MODEL SCT-10A                      Ceramics Green Sheet      가

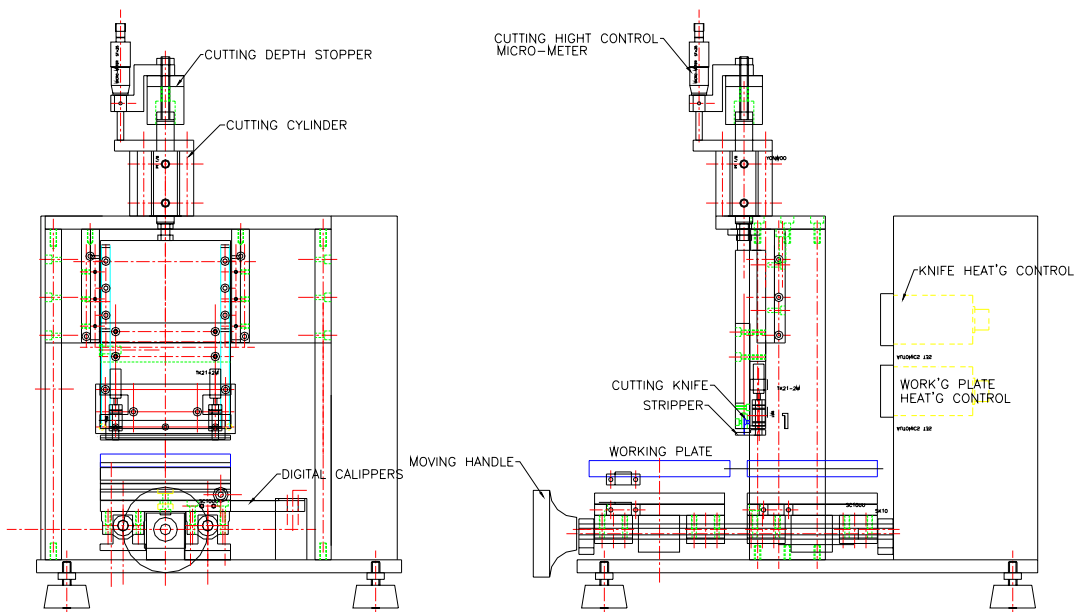

- Cutting      Numeric Control                      CERAMIC GREEN SHEET      Cutting      ..
- Scribing      Cutting      Micro-meter                      CERAMIC GREEN SHEET  
Scribing                      .:

CAT No. 020407K

## Machine Specification (Model SCT - 10B)

- |                         |  |                    |          |
|-------------------------|--|--------------------|----------|
| 1. DIGITAL CALIPPER     |  | cutting & Scribing |          |
|                         | : $\pm 0.01 \text{ mm}$ ( $10 \mu\text{m}$ ) |                    |          |
| 2. LINEAR MOTION        |  |                    |          |
| 3. CUTTING & SCRIBING 가 | : 最大 X 軸 100 mm                              |                    |          |
| 4. CUTTING GREEN SHEET  | : 3 mm                                       |                    |          |
| 5. BASE PLATE           | : SCR  | 120                | control. |
| 6. BLADE                | : SCR  | 70                 | control. |
| 7.                      | : Micro-meter                                | Stopping           |          |
